REQUEST FOR CERTIFICATE OF CORRECTION PURSUANT TO
37 C.F.R. 1.322

Transmitted herewith is a request for a Certificate of Correction for U.S. Patent issued 08/16/2005. Upon reviewing the claims, we noted that the following typographical errors were made by the Patent and Trademark Office, which should be corrected as follows:

In column 43, line 6 of the Patent (Claim 1,i), change "column equilibrated" to -"column equilibrated with distilled water;"-.

In (75) Inventors of the Patent, change "Elizabeth Nguyen" to -"Beth Nguyen"-.

In the Abstract, line 4, change "*Uncaria tomentos*" to --"*Uncaria tomentosa*".

As to the above-described errors, a review of the specification filed with the United States Patent and Trademark Office on 11/02/2001, page 66, line 15, confirms that the error in Claim 1 (Originally Claim 18) was made in the printing of the patent since the Examiner allowed the specification without the above-described typographical errors. Further, a review of the Patent Application Transmittal and Filing Receipt confirms that the error in the inventor's name was made in the printing of the patent since the patentees filed no subsequent amendment requests concerning the inventors order or names.

Since the first two errors for which a Certificate of Correction are sought are a result of a Patent and Trademark Office mistake, it is believed that no fee is due (35 U.S.C. §254), even though the typographical error in the Abstract is the fault of the Applicant.

Respectfully submitted,

Certificate
